

MARLYN METALS, INC.

We would like to take this opportunity to introduce our company to you.

Marlyn Metals, Inc. and Marlyn Steel Decks, Inc. is a family owned and operated company located in Tampa, Florida. We manufacture a full line of steel roof deck, slot-vented roof deck, acoustical deck, form deck, composite floor deck, Marcove-S (a 2" deep dovetail shaped structural floor deck), Marcove-R (a 2" deep dovetail shaped roof deck), metal roofing, siding, trim and other accessories. We are conveniently located near Interstate 75 and Interstate 4.

Service is what sets us apart from our competition. We pride ourselves on producing orders when our customers need them. In many cases we can turn orders around within the same or next day at very competitive prices.

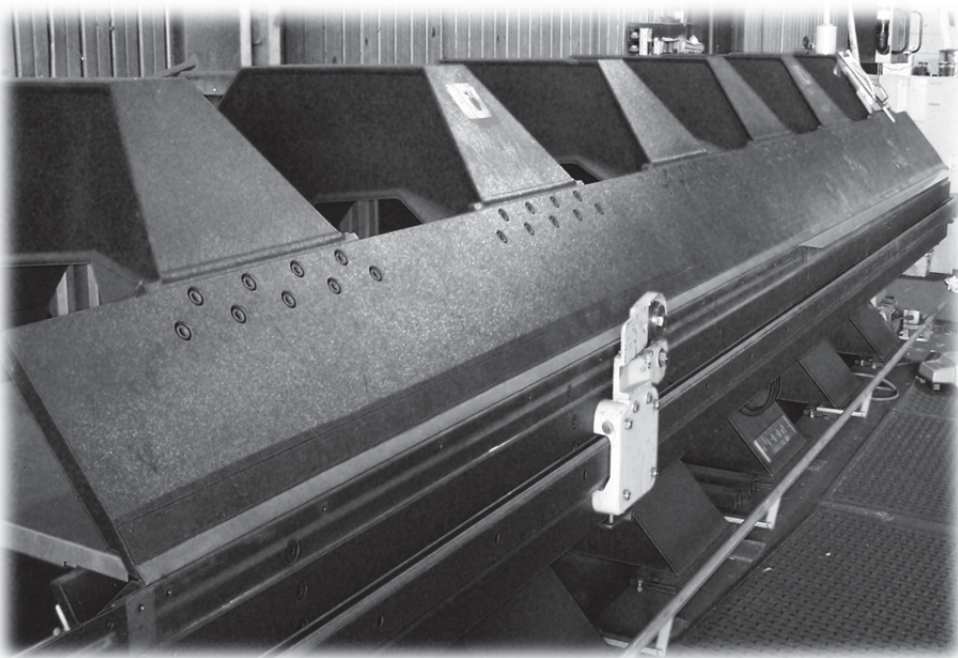

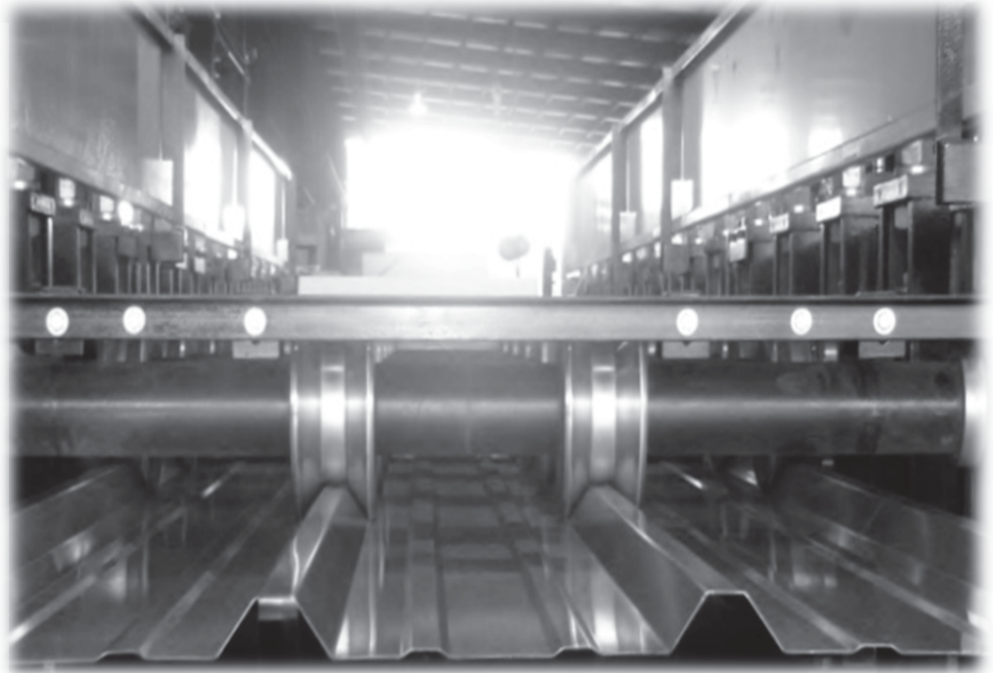

Our products go through a rigorous quality control program through quarterly UL inspections. Marlyn is also a member of the Steel Deck Institute and has been providing our customers with quality products, superior service and competitive prices for over 50 years.

Our catalog provides our customers with a wide variety of products including residential, commercial, and agricultural material as well as installation, technical and warranty information. We also have a great deal of information on our website. www.marlynmetalsinc.com

Marlyn Metals, Inc. would appreciate the opportunity to assist you in your building needs. Feel free to look through our catalog as well as our website or just stop by our facility. We look forward to helping you complete your project.

Marlyn Metals, Inc. provides state of the art technology with our dual 5V-Crimp & Mar-Rib Roll former which also produces our Mar-Girt. All of our roll-formers including the PBR are top of the line with the ability to cut to your specifications

If you need trim for you project, we can produce it right here in our facility with our ten foot or twenty foot breaks. We offer standard trim profiles which are detailed in this catalog or we can make your trim specific to your project as well.
